SUBJ: 2020 Slip Selection Package

This 2020 Slip Selection Package contains the following documents:

- Official Notice of slip selection as required by UCI Bylaws (Section 10)
- UCI Board approved Nautical Department Rules
- Slip Selection Form & Proxy Form
- Nautical Membership Priority List
- Schedule of Fees
- Diagrams of Docks I, Dock II, Dock III, and Floating Docks

This is the Official Notice for the 2020 Slip Selection. Please review these documents fully and carefully as you prepare for this year's slip selection meeting, which is scheduled for Saturday March 14, 2020 9:30 am at the Ulmstead Barn. Beginning at 9am UCI Membership and Nautical will verify eligibility to select a boat slip. You must be able to show that you meet all of the requirements, which are detailed the Nautical Department Rules, to select a boat slip. Anyone wishing to select a slip must be prepared to present photo identification upon request. To be eligible to select a boat slip one must:

- **BE A RESIDENT OF ULMSTEAD ESTATES**
- **BE A UCI MEMBER IN GOOD STANDING**
- **BE A MEMBER OF THE NAUTICAL DEPARTMENT**
- **BE THE OWNER OF THE BOAT**
- **PROVIDE PROOF OF INSURANCE**
- **BE THE PRINCIPAL OPERATOR OF THE BOAT**

There is **STRICT** adherence to these rules. Any questions or issues concerning these requirements should be addressed to the Nautical Department Manager by March 7, 2020. Any unresolved issues regarding eligibility may affect your slip selection priority.

Slip Selection begins promptly at 9:30am. All Class II members and Class III members with priorities 1-150 should arrive by 9am with all relevant documents to ensure that they will be ready to select a when their priority is announced. Class III members with priorities above 150 should arrive no later than 9:30am. Being late or absent may cause your slip selection priority to suffer.

Please fill out the Slip Selection Form completely. All slip fees and electrical surcharges must be paid by check at slip selection.

The measurements, contained in this document, of all slips are approximate. it is advised that you look at all slips that you may select.

Please review the Nautical Membership Priority List. Any issues with your priority on this list should be addressed to the Nautical Department Manager by March 7, 2020.

UCI NAUTICAL DEPARTMENT

GENERAL RULES

1. ELIGIBILITY - To be eligible to select/use a slip at a UCI facility one must:

- **BE A RESIDENT OF ULMSTEAD ESTATES**
 - **BE A UCI MEMBER IN GOOD STANDING**
 - **BE A MEMBER OF THE NAUTICAL DEPARTMENT**
 - **DEMONSTRATE PROOF OF OWNERSHIP AND INSURANCE OF THE VESSEL**
 - **BE THE PRINCIPAL OPERATOR OF THE VESSEL**
- A) **RESIDENCY** - Mere ownership interest in a residence is not sufficient to be eligible to select/use a slip. The vessel owner and principal operator must physically reside (i.e. live, eat, sleep, etc.) in Ulmstead Estates to be eligible to select/occupy a slip.
- B) **UCI MEMBERSHIP** – In order to be eligible to select a slip all outstanding UCI dues and assessments must be paid in full.
- C) **NAUTICAL DEPARTMENT MEMBERSHIP** - In order to be a Nautical Department member, one must be a UCI member in good standing and must also be on the Slip Selection Priority List. In the event a Class III member chooses to forgo their UCI membership (not paying UCI dues/assessments), they lose their right to be maintained on the Class III priority list and therefore are no longer Nautical Department members. Should they choose at some future date to re-join UCI and the Nautical Department, they will be treated as NEW MEMBERS and will go to the bottom of the Slip Selection Priority List.
- D) **DEMONSTRATE OWNERSHIP/INSURANCE** - Demonstrate at slip selection that the member selecting a slip is the owner of the vessel (Sales Agreement, Boat Insurance Policy, Title, Documentation, or Lease Agreement from a recognized financial institution). Note: Boat registrations will not be considered as sufficient proof of ownership as they do not indicate all the names of the owners of a given boat. Demonstrate at slip selection that the vessel is properly insured (Boat Insurance Policy). Insurance company and policy number must be entered on the slip selection form. A different boat may be substituted for the use of a previously assigned slip provided that the same member(s) own the boat and that proof of ownership and insurance as defined above is provided. The only exception to the “Proof-of-Ownership/Insurance” requirements is for small boats (canoes, dinghies, sailboards, etc.), which do not require state registration.
- E) **MULTIPLE OWNERS - PARTNERSHIPS.** - In order to select a slip, all owners/partners of the vessel must be Nautical Department members. The Nautical Department member selecting the slip must demonstrate that he or she holds at least 50% interest in said vessel (cancelled checks, notarized sales or lease agreement, etc.). This is to prevent a Nautical Department member with a low priority number, from assigning a token interest to another member with a higher priority number and having that member select a slip for them. **All boats with multiple owners must be approved in advance by the UCI Nautical Department Manager.** To obtain approval, members must submit to the Nautical Department Manager, at least two weeks prior to slip selection, a letter or email describing the nature of the partnership, names of partners, and a copy of the boats title or documentation. **Additionally, the principal operator of all boats, including those with multiple owners, must be the Nautical Department member selecting the slip.**

- F) **NEW BOATS** - Members who have not yet taken possession of a boat or who are planning to acquire one during the season may select a slip provided they obtain prior approval from the Nautical Department Manager. Ownership and insurance requirements for new boats are identical to those described above in paragraph d.
- G) **SLIP SELECTION BY PROXY** - A slip selection can be made by proxy by a UCI member in good standing. The proxy must be in writing and all other slip selection requirements must be met.
- H) **PAY USERS FEE** – All slip use fees and surcharges must be paid in full at slip selection.

2. SLIP USE RESTRICTIONS – Slip use is subject to the following restrictions:

- **TRANSFERABILITY** - Slips are for the exclusive recreational use by members selecting slips. Any slip assigned at slip selection day cannot be reassigned by the selecting member to another member or non-member. The one exception to this is: A Class II user, whose rights are transferable, may transfer the use of his/her slip for the remainder of the season to a new owner provided the new owner meets all of the eligibility requirements to select a slip (Section 1)
- **NO COMMERCIAL USE** - Slips are for recreational use by members only. Commercial use (Chartering) of boats is expressly prohibited by UCI Bylaws (Article V, paragraph 8f).
- **DOCKAGE** - All vessels must be properly secured in their slip so that they do not protrude into another slip or otherwise pose a hazard to navigation in or around the marina. If a member's slip selection does cause his vessel to become a hazard to navigation the Nautical Department may require the vessel to be moved to another slip. To allow access to the inside slips, vessels moored in slips #10 & 21 at Dock 1 cannot extend past the inside of the tee pier. Any questions concerning this should be addressed to the Nautical Department before selecting a slip.
- **DOCK 3 RESTRICTIONS** - Under the terms negotiated with the developer of the Lynch property and Mr. Garret Lynch, UCI obtained ownership of the small dock (Dock III) and sand spit located at the entrance to Forked Creek. Included in these agreements is the provision that each year Mr. Garret Lynch has first right of refusal to select either slip at this dock. Should he choose to not exercise this right, both slips will be available for selection by Nautical Department members.
- **DISPLAY VALID REGISTRATION** - All boats occupying slips at UCI Nautical facilities must display valid State Registration stickers (Maryland, or other). Such valid registration must be displayed by June 1st of each year. Boat owners failing to display valid registration will be denied use of the nautical facilities and where applicable may be given a pro-rated refund of the slip fees. Federally documented vessels and small boats (canoes, dinghies, etc.) not requiring State Registration are exempt from this requirement
- **VESSEL INSURANCE** – All vessels occupying slips at UCI Nautical facilities must be insured by their owner of record. Current proof of insurance must be presented to the Nautical Department Manager upon request.
- **OCCUPY SLIP** – All slips must be occupied by the vessel identified on the slip selection form no later than June 15th. Any slip not occupied is subject to reassignment to another member unless the owner requests and receives permission from the Nautical Manager to retain the slip.
- **VESSEL USAGE** - The Nautical Department slip facilities are not to be used for the long-term storage. Accordingly, vessels using these facilities must, during the months of May through September, leave their slips under their own power and undertake a qualifying voyage. A qualifying voyage is defined as one where a vessel leaves the UCI nautical facility and completes a voyage of at least two nautical miles under its own power (either sail or power). A round trip to the Number 10 Red beacon in the Magothy River (half way to Ferry Point) may be used to satisfy the distance requirement. The UCI Nautical Department Manager, at his discretion and on a date and time mutually agreed upon by the owner member and the UCI Nautical Department Manager, may request that the capability to complete a qualifying voyage be demonstrated by the boat owner. Failure to demonstrate that ability to complete a qualifying voyage may cause the boat to be removed from the docks. In this event, the Nautical Department member is responsible for all costs (if any) associated with the removal of the boat. If possible, prior notice of such actions will be given to the member. The UCI Nautical Department Manager may require no more than one qualifying voyage each month during the period of May through September.

3. **SLIP WAIT/CHANGE LIST** - Due to the limited number of slips, it may not always be possible to accommodate all members who desire slips. In addition, as all slips are not equal in terms of location, exposure, water depth, length, width, etc., members may find that by the time their turn comes to choose a slip a more favored slip has been selected. If due to your priority number you were unable to select a slip at slip selection or prefer a slip that was not available to you at the time, a SLIP WAIT/CHANGE LIST will be available at Slip Selection for you to sign up requesting your desired slip(s). This list will be posted at Dock 2 and slip assignments will be made from the lists according to slip selection priority number.
4. **MOORING WIRE** - Located across from the ice machine at Dock 2, a mooring wire provides fore and aft mooring for several shallow draft skiffs, rowboats, dinghies, etc. These moorings are selected at slip selection.
5. **LYNCH POINT BEACH** – Two spaces are available on the beach for storage of small sailboats. These spaces are selected at slip selection. These two spaces may be selected together at slip selection provided both fees are paid. No rigging or other equipment may be stored outside of these spaces. Usage of these spaces cannot impede access to the beach by other UCI members.
6. **FLOATING DOCKS** - Along the Dock 1 shoreline, floating dock(s) are available for out of the water storage of several small boats, canoes, dinghies or kayaks. Additionally, space is available at the ends for small boats/skiffs less than 15'. These spaces are selected at slip selection. Each space is limited to 1 small boat or 2 kayaks.
7. **KAYAK RACKS** - Located on the beach at Docks 1&2, these storage racks provide small boat owners the capability to store and secure kayaks, dinghies sailboards and other small craft off of the ground. Boats using these facilities must display a current Nautical Department sticker. These stickers are valid for 1 year beginning April 1 through March 31 of the following year and may be purchased at Slip Selection. In order to enable grounds and rack maintenance and to ensure that abandoned craft do not accumulate, the Nautical Department manager may require that these small craft be removed from these storage racks by their respective owners for storage at the owner's property over the winter (December 1st – April 1st).
8. **LAUNCHING RAMP & TRAILERS** - Use of the launching ramp at Dock 1 is available to all UCI members. All trailers using the launching ramp are required to have a current Nautical Department sticker affixed near the front of the trailer. This will help to identify non-UCI members who may be using the ramp. These stickers are valid for 1 year beginning April 1 through March 31 of the following year and may be purchased at Slip Selection. Current slip holders will receive a Nautical Department trailer sticker without charge. When using the launching ramp for the day, please park the trailer in a position that does not obstruct use of the ramp. Signage at the Dock 1 parking lot indicates where not to park so as not to obstruct use of the ramp. Due to the limited number of parking spaces at Dock 1 overnight storage of boat trailers at this facility is not permitted. The parking lot at Dock 1 is intended for use by:
 - Dock 1 Slip Holders
 - UCI Members storing small craft at Dock 1 kayak rack
 - UCI Members using boat launching ramp. No boats/trailers may be left on dock parking lots overnight without the prior approval of the Nautical Department. It is the responsibility of the owner of the trailer to obtain such an approval from the Nautical Department Manager in advance of multi-day use of the parking lot. Accordingly, any trailer or boat and trailer left for greater than 1 day at any of the UCI marinas will be considered as "abandoned" and may be secured in place or removed of at the discretion of the Nautical Department. Any costs for the removal of trailers from dock parking lots will be the responsibility of the owner of the trailer.
9. **OFF-SEASON STORAGE** - Between December 1st and March 31st UCI marina parking lots may be used for winter storage of UCI member boats. Requests for off-season storage at the marinas must be submitted to the Nautical Department manager in writing (or email) by November 1st. The spaces will be allocated according to the Slip Selection Priority List. It may be necessary to limit or curtail winter storage when construction is planned for the parking lot, launching ramp or docks. Several rules govern the use of UCI marina parking lots for winter storage.
 - Trailer boats only
 - Parking in designated areas only
 - No service or maintenance performed on boats or trailers while stored on marina parking lots
 - Boat canvas, mooring covers or shrink wrap only. No poly tarps.
 - **All trailers must be removed by April 1**
10. **FEES** – Slip fees, including floating dock spaces, mooring wire spaces, small boat (kayak, dinghy, etc.) and trailer stickers and winter storage rates will be posted in the Slip Selection packages.
11. **ELECTRICAL SURCHARGE** – Heavy electrical users, such as boats connecting to 1-50 Amp or 2- 30 Amp outlets or

boats that winter over at UCI docks, will be charged a \$150 electrical surcharge. This charge is payable in full at slip selection.

12. **TERM** - The annual term of the slip assignments is from April 1st through March 31st of the following year.
13. **REFUNDS/PRO-RATED FEE** - Members selecting slips have the right to use the slip for one year (Article 13 - TERM). If a member's circumstances change during the year (moving out of Ulmstead, health, selling vessel) results in vacating their slip a refund will be made per the schedule below. All refund requests must be in writing or email to the Nautical Department Manager. No requests will be accepted after August 1.

REFUND SCHEDULE-When slip is vacated prior to effective date the corresponding percentage of slip fees will be refunded.

<u>Effective Date</u>	<u>% Refund</u>
April 1	100%
June 1	50%
August 1	25%

THE PRO-RATED SLIP FEE for new residents or existing residents selecting a slip for a new boat after slip selection shall be as follows.

<u>Date</u>	<u>% Rate</u>
April 1-July31	100%
August 1- March 31	50%

14. **CONTRACTOR WORK** – The insurance policies of UCI require that all service personnel or contractors working on a member's boat at the dock must carry liability and workmen's compensation insurance. A copy of which must be provided to the Nautical Department Manager. It is the UCI member's responsibility to ensure that all service personnel and contractors working on the member's boat have the required insurance.
15. **MOORINGS** – UCI maintains no moorings. Anyone considering placing a mooring should ensure that the placement of the mooring and swing of the boat does not impede or obstruct access to private property, including UCI nautical facilities.
16. **HOUSE RENTALS** - Class II renters assume owners Class II priority. Class III home renters go to bottom of Class III list; assuming both join UCI and the Nautical Department.
17. **VISITING BOATS** - From time-to-time residents request temporary dockage for friends visiting the area. Generally, these requests will be accommodated provided that:
- Appropriate dockage space is available,
 - The visit is for a short period - 72 hours maximum,
 - The UCI member assumes total responsibility for the actions of his/her guests, and
 - All requests must be approved in advance by the Nautical Department manager. It is the responsibility of the requesting UCI member to contact the Nautical Department manager and get explicit approval for temporary dockage. One-way communications such as email or voice mails do not constitute approval in advance.
18. **DOCK EMERGENCIES & REPAIRS** - To ensure member safety, during periods of extreme high tide (water above dock-electrical outlets under water), or in the event of a hazardous problem with the electrical system, electrical service will be shut off until the condition abates or repairs are affected to eliminate the hazard. Additionally, in the event emergency repairs or improvements to the Docks are required (for example; dock work to correct storm damage) which require the temporary relocation of boats at the dock, every attempt will be made to notify and work with the affected boat owners to minimize any inconvenience resulting from such repairs.
19. **ICE EATERS** - The Ice eaters are installed to prevent damage to the dock pilings and piers. Once installed they should not be moved or repositioned. Individual boat owners are responsible for the protection of their own boats.

20. **DOCK SAFETY** – For safety reasons:

- ROLLER BLADES, SKATES, SKATE BOARDS and BICYCLES are not permitted on the dock.
- Absolutely NO SWIMMING OR DIVING is allowed around any of the dock areas including the Lynch Point Dock. Moving boats present a serious danger to nearby swimmers. Additionally, there are many submerged objects in the water (broken dock pilings, old crab traps, etc.) that present a hazard to swimmers in these areas.
- No dock boxes, lockers or other structures shall be placed on piers.
- All power cords, water hoses and dock lines should be located so that they do not cross the piers or catwalks or otherwise present a tripping hazard.
- No charcoal or gas grills or open fires permitted on the docks or on boats at the dock.
- Maintain minimum wake and speed around docks.

21. **DOCK ETIQUETTE** – Nautical facilities are for the enjoyment of all UCI members. Please be courteous to all residents and guests at our docks.

- Do not discharge fuel, oil, waste or trash overboard
- Do not board someone else's boat unless invited
- Do not crab or fish between someone else's boat and pier
- Remove all crab lines, bait, etc. before leaving dock
- All dogs MUST be leashed All owners MUST clean up after their pets
- All guests must be accompanied by a UCI member. Members are responsible for the actions of their guests

22. **HAZARDOUS BOATS** - All boats using the Nautical Department's facilities must be maintained in a safe and operable condition and shall not pose a hazard to docks, other boats or persons. No amount of fuel, oil, lubricant, sewage or other waste shall be discharged into the water. All boats should be properly secured in their slips with properly sized nylon lines so as to not present a danger to other boats or persons. Should a boat be deemed as hazard (fire, sinking, fuel/oil leak, rigging failure, etc.) to itself or other boats, or the docks, the Nautical Department Manager may declare the boat a 'hazard' and at his discretion may cause the boat to be removed from the docks. In this event, the Nautical Department member is responsible for all costs (if any) associated with the removal of the boat. If possible, prior notice of such actions will be given to the member. Any boat which sinks in any waters near or adjacent to any of the Nautical Department facilities must be immediately removed or re-floated by the owner or the Nautical Department Manager may cause the boat to be removed at the owner's expense.

23. **DAMAGE TO UCI FACILITIES** - Compensation for or repair of any damage done to any boat, structure, equipment, water or electrical system is in every case and without exception, the responsibility of the person or persons causing such damage. No modifications may be made to the marina's piers, electrical or water systems. Damage includes any unauthorized modifications to the dock, including the installation of cleats, rings, run rails, hose brackets, or any other accessories fixed to the dock. All modifications and/or remedial repairs made to docks or nautical facilities must be approved in advance by the Nautical Department Manager.
