July 2021

From the President

Happy 4th of July, Ulmstead! It is always a wonderful day spent with friends and family BBQing down at the beach park and catching fireworks from the different communities along the Magothy and the Bay. Many thanks go out to all of those involved with setting up the Dock Party and the Beach Park celebration to provide such memorable events. It is great to see all of the different generations of Ulmstead congregating around a beer and a burger, hashing out the real details of those old fishing stories...

You'll find the full schedule of holiday events on page 2 of the Weathervane. And please make sure to give **Bill Zichos, Kevin Gattie, Mike Duvall, and Jessica Lane** a big high five for heading up these events, and thanks to all community members who have volunteered to help them pull it off. We very much appreciate the effort and coordination that goes into setting up all the events for the day—that's no small task.

I also want to thank **Gillian Duvall, Kathy Pruissen**, and the membership committee for the fantastic welcome party held at the Barn on June 10th. It was a huge effort to relocate the party from the Beach Park to the Barn at the last minute due to the weather forecast, but as usual the team pulled together and made it look easy. And thanks to everyone who turned out to show our newest neighbors what Ulmstead is all about.

A quick administrative update: we addressed a long-standing concern regarding Beach Park security at the end of June. The community expanded its security cameras to include a security camera pole installed along the fence adjacent to the parking lot. The new addition gives the community the eyes it needs to watch over the newly renovated asset and equipment at all hours of the day. Please remember "lights out" at dusk.

Finally, congratulations to all our high school and college graduates. These milestones are truly accomplishments and you collectively make the Ulmstead community proud. We wish you the best of luck in your pursuit of success in this next stage of life.

I hope you all have a fantastic and safe summer.

Sincerely,

Jon Lane, UCI President

Join Scouts

Would you like to go camping, learn new skills, make new friends, and have fun? Our Troop is meeting OUTDOORS at Anne Arundel Fish and Game Club Sunday afternoons at 3:00. The Scouts have the opportunity to participate in shooting sports at our meetings. We have weekend camping trips every month, plus a one-week Summer Camp. Come check us out! You can join even if you never were a Cub Scout. Also, we are still collecting worn out flags for a patriotic flag retirement ceremony. Contact **Mike Allen** for information at 410-919-8487.

BARN UPDATE

The barn is back in business for community use! Now that the COVID-19 restrictions have been lifted, members of the community can now book the barn again, so if you are interested, please contact Barn@ulmstead.org and we will check to see if your date is available and get you all the details regarding your request. Also, our barn maintenance manager **Chris Barron** will be organizing a group of UCI members to remove the old paddock fence in the next few months. After many years of nailing boards back onto the posts, the time has come to remove the fence as the posts are falling off faster than we can put them back up. We will send out a community email looking for volunteers once we settle on a date.

As for the barn study, we have most of the work that was being done in the background squared away and will be working on and putting out our second survey in the next few weeks. Based on that feedback and additional community input, we will be able to deliver more specific details to the design firm so they can start to put some of the finishing touches on their concepts to the community. As always, if you have any questions, please feel free to reach out to me directly and I will be happy to answer them for you.

Thanks,
Bryan Murray

ANNOUNCEMENTS

The Hardgrave kids of Magothy View Drive are doing their part to take care of the Bay. They're recruiting waterfront homeowners to participate in the Oyster Recovery Project's oyster gardening program to help clean up the Magothy River. Each oyster can filter 50 gallons of water per day! You may be aware that Amy Hetrick has already been maintaining four cages of baby oysters on dock #2.
