September 2021

From the President

Summer has truly flown by and the start of school is just around the corner. I hope everyone in the community has enjoyed this time and is looking forward to a packed fall schedule of Ulmstead events. This time of year always offers many events for the community to get together and enjoy each other's company. Please see the list below of a few of the bigger events you'll want to mark on your calendars.

- **46th Annual Fishing Tournament** - The longstanding tradition of the Ulmstead Fishing Tournament will be held on September 4th. Full information and registration in this Weatherwane. This is a great time for families and fisherman/fisherwomen to put their fishing skills to the test. A big thanks to **Richard Harrison, Tim Wills, and Mike Sawyer** for helping organize the event.
- **The Ulmstead Triathlon** – All UCI and Swim Club members are invited to join this event on September 6th (Labor Day). This is a short course triathlon designed for first time triathletes through experienced racers. More information and where to sign up is in this Weatherwane. And thanks to **Rob Wallace** for organizing.
- **Men's Beer and Brats** - On Friday October 8th, the Beer and Brat's will be held at the barn. For all new members, this is a great opportunity to meet a wide cross section of the neighborhood's patriarchs while enjoying a beer and a brat. More information to follow later in September. Please make sure to thank **Scott Glubke** and all his volunteers for heading up this event.

- **Fall Campout** - On October 16th, the community will host the fall campout. Get those tents out of storage and join the community at the ball field for a night under the stars. Thanks to **Rob Hooper** for heading this event up. Watch for more information in September.

The Board and the department managers are starting to put together the 2021 UCI budget. For all new community members, the budget meeting will be held in November (More information and a date to follow). Hopefully we do not have to go virtual this year, but we will cross that bridge at the appropriate time. If you have any ideas or concerns about our budget or any long-term projects, now is the time to reach out to the Board so we can take them into consideration as we build the budget.

And finally, an important reminder as school will be back in session very soon. There will be lots of children and parents making their way to the bus stops in the morning. Please take extra care to look and slow down. Wishing all the kids a great year in school!

Sincerely,

Jon Lane, UCI President
President@ulmstead.org

UCI DEPARTMENTS AND ACTIVITIES

NAUTICAL

For many, Labor Day signals the end of summer but some of the best boating on the Chesapeake happens in the late summer and fall. Cooler temperatures bring better fishing, less boat traffic, and more available docking at area restaurants and dock bars. Fall also brings an increase in tropical storms so all boaters should keep an eye on the weather and be prepared.

The July 3rd Dock Party returned this year. Despite a premature end caused by rain the party was an overwhelming hit. Expanding the party onto the newly paved parking lot provided space for people to move around or relax and enjoy the evening in chairs. Thanks to **Jess and Jon Lane** and all who helped prepare the dock for the party. **Tom Crawford** and daughter **Rachel** did a great job providing the food and beverages for the party. Even the rain did not end the party, it simply scattered folks onto several boats and houses in the neighborhood. Thanks to all who helped and all who attended for making this another great Ulmstead event.

This year has seen a number of projects finished and some in various stages completion. Obviously paving the parking lots at Docks 1 and 2 were a major accomplishment. In addition to proving to be useful for the dock party, the dirt and mud runoff into the river has been greatly reduced and have added value to two of our community assets.

Dead trees have been removed at Docks 1 and 2 and brush has been cleared and wood chips spread at Dock 1. This is the first step in improving the appearance of the areas adjacent to our marinas. The next step will be planting trees and shrubs mandated by Anne Arundel County. This will occur in the fall.

Bids have been received and are being evaluated for the addition of lighting for the main pier at Dock 2. Work should be accomplished this boating season. We are still waiting on permits for additional pilings at Dock 2 but hopefully this can be completed this year. The replacement of the shed and stairs at Dock 1 should also be finished this year.

2021 has been a busy year for Nautical with great improvements that add enjoyment and value to our facilities.
